No day is like any other. Mood, opinions, ideas, everything is constantly changing, and this is also true of people's living space. Working together with you, we realise creative room space.

As one of the global leading manufacturer of solid surfaces and together with our long-standing partners, we offer you products and solutions for many areas of use. Through our global network we offer our customer a comprehensive product portfolio in different price segments but always provided with a seal of quality from Hanex.

Personalise your design. The wide range of solid surface aesthetics offer an inspiring selection of solid, textured and translucent tones. You can accentuate your design with inlays or by contrasting your bowl and surface colours. It is also possible to combine your sinks and bowls with other materials like metal, wood, stone or glass.

# Legend

Our entire collection is made of 100% Acrylic Solid Surface. The models listed here are only a small selection of the end products we offer directly and only show our casting sinks & bowls models. Our entire collection is made of 100% Acrylic Solid Surface.
